First In Math establishes a culture of math success in schools; creates interest and lessens fear of mathematics in children of all skill levels. Used by millions of K-8 students worldwide, FIM develops critical skills and improves the way students feel about math. We help teachers more effectively teach mathematics and assess student progress.

First In Math Online Math Practice - K 8 Fact Fluency

The first, the base case (or basis), proves the statement for $n = 0$ without assuming any knowledge of other cases. The second case, the induction step, proves that if the statement holds for any given case $n = k$, then it must also hold for the next case $n = k + 1$.

Mathematical induction - Wikipedia

First Steps Mathematics is a series of teacher resource books that is organised around sets of mathematics outcomes for Number, Measurement, Space, and Chance and Data. The series will help teachers to diagnose, plan, implement and judge the effectiveness of the learning experiences they provide for students. First Steps Mathematics Overview
