Gender is correlated with the prevalence of certain mental disorders, including depression, anxiety and somatic complaints. For example, women are more likely to be diagnosed with major depression, while men are more likely to be diagnosed with substance abuse and antisocial personality disorder. There are no marked gender differences in the diagnosis rates of disorders like schizophrenia ...

James must protect her, as Maria does not have any weapons to defend herself with, and it is game over if she dies. 1 Identity 2 ...

Feminist Perspectives on Sex and Gender (Stanford ...

In some earlier interpretations, like Rubin's, sex and gender were thought to complement one another. The slogan 'Gender is the social interpretation of sex' captures this view. Nicholson calls this 'the coat-rack view' of gender: our sexed bodies are like coat racks and "provide the site upon which gender [is] constructed" (1994, 81).

Gender is the range of characteristics pertaining to, and differentiating between, femininity and masculinity.Depending on the context, these characteristics may include biological sex, sex-based social structures (i.e., gender roles), or gender identity. Most scholars agree that gender is a central characteristic for social organization. Most cultures use a gender binary, having two genders ...

Gender - Wikipedia

While some artists seem to more easily cross gender lines like Rihanna, Justin Timberlake, Lana Del Rey and Robin Thicke. No matter what size chart we look at – whether it is the top 40, top 200 or the top 1000 artists – about 30% of artists on a gender-specific chart don't appear on the corresponding chart for the opposite gender.

Gender Specific Listening | Music Machinery

Newspapers from California to Maine vigorously denounced Trump as a racist and a bigot. No doubt, the Jewish media bosses “had a little meeting” to discuss the “Trump problem.” A new graph (below) shows that, during the Trump era, “wokeness” in the U.S. media soared, like an eagle, to new heights.

Now let's bring back the term cis-gender. Google defines cis-gender as a “personal identity and gender corresponds with their birth sex.” While this is the norm, it is not the only gender identity that exists. For example, some people choose to identify as “gender fluid,” or a mix of both genders. These folk don't feel like they ...

Heteronormativity: What It Is and Why It's a Problem

Most of the alien characters are gender-ambiguous: Paimon is a panda-like creature with no visible sexual characteristics who speaks in a masculine manner but is voiced by a woman, OD resembles an effeminate gay man but never explicitly states a gender identity either way, Berg-Katze is androgynous in appearance, manner, and style of dress.

Ambiguous Gender Identity - TV Tropes

Usually the penis starts shrinking/erectile dysfunction starts happening around 25. Then the first thing to go is the hair on their head obviously, it gets snatched back like a wig and then they start to get hairy on their necks and other problem areas. Most women hate balding men because it's the sign of a man in the process of reproductive death.

STOP MAKING LIBERALS LOOK BAD!

I especially like feminization, and breast enlargement, so my tastes probably affected my recommendations. Maybe you'd like Lift Like A Girl (boys become the weaker sex), or Possessed (straight guy becomes obsessed with having a baby), or Trapped in a Teen Girl's Fantasy Novel (like it says; and trying to avoid witches and lusty werewolves).
