American Democracy Now 2nd Edition

Jeffersonian democracy, named after its advocate Thomas Jefferson, was one of two dominant political outlooks and movements in the United States from the 1790s to the 1820s. The Jeffersonians were deeply committed to American republicanism, which meant opposition to what they considered to be artificial aristocracy, opposition to corruption, and insistence on virtue, with a priority for the ...

Jacksonian democracy was a 19th-century political philosophy in the United States that expanded suffrage to most white men over the age of 21, and restructured a number of federal institutions. Originating with the seventh U.S. president, Andrew Jackson and his supporters, it became the nation's dominant political worldview for a generation. The term itself was in active use by the 1830s.

We may have already missed our last, best chance to bolster American democracy — In last year's election, Americans did not punish Republicans for their radical, anti-democratic turn with a resounding electoral defeat. Now, more than a year later, we can clearly see horrible and potentially irreversible implications of that.

Introduction. In recent years, however, many writers have criticized the idea that the United States should attempt to spread democracy. The Clinton administration's commitment to spreading democracy seems to have faltered, and critics from across the political spectrum have argued that the United States should scale back or abandon efforts to foster global democratization.⁴ In a prominent ...
