It takes a lot more juice to power a green dot than it does a red dot. And since most people can see red well enough, the optics companies defaulted to that option. However, in recent years, the technology behind optics and batteries has improved by a LOT, so many of these companies are starting to dabble in green colors.

But there was more to it than just that as I found when I tried to make some with regular old pretzel sticks. While the regular ranch pretzels were tasty, they lacked some of the magic of Dot's Pretzels. I found that the key to the iconic Dot's Pretzels flavour was to use a specific type of pretzel.
