Book Review China Goes Global

In China Goes Global, he proposes and defends the hypothesis that China is an increasingly important global player, but is only a partial power. The book provides a thorough overview of China’s dynamic position in the global order and is a welcome perspective-setter for those in the scholarly community who have perhaps ventured too deep into testing social science theories and lost sight of ...

Book Review: China Goes Global: The Partial Power by David ...

Making invisible China more visible is a necessary first step to bring meaningful changes in rural China. This new book by Rozelle and Hell is an important contribution to this endeavor. I sincerely hope that a Chinese translation of “Invisible China” will soon be published, enabling it to reach a larger audience in the Chinese-speaking world.

Book review: Peeling back China’s global ambitions ‘Insidious Power’ is a solid, yet cursory primer in the convoluted and confusing ways the Chinese Communist Party extends its reach into and influences other countries. By Han Cheung / Staff reporter.

Book review: Peeling back China’s global ambitions ...

China clearly faces enormous challenges, unlike the United States a century ago. China’s way to the top will thus be far more difficult and less predictable. And yet, paradoxically, China Goes Global provides simply too many statistics in favor of China’s dominance to agree that it is only a partial power.
