The feature richness in Cisco Nexus NX-OS combined with the scaling and performance capabilities enable customers to build efficient data centers. The Ansible integration with Cisco Nexus platforms enables customers to take advantage of programming and automating the infrastructure at scale with speed.

Cisco and Ansible

This week I had the task of installing VMware ESXi 7 on a Cisco UCS blade booting from SD Cards.. Once ESXi was installed and added into vCenter, I saw the warning 'No coredump target has been configured.Host core dumps cannot be saved'. I had a quick google search and also opened up a support ticket with VMware.

VMware ESXi 7 No Coredump Target Has Been Configured.
