Crash Course Respiratory System Updated Edition - E-Book ...

Respiratory System, Part 1: Crash Course A&P #31. So we all know that breathing is pretty important, right? Today we're going to talk about how it works, starting with the nameless evolutionary ancestor that we inherited this from, and continuing to the mechanics of both simple diffusion and bulk flow, as well as the physiology of breathing, and finishing with the anatomy of both the ...

Respiratory System, Part 1: Crash Course A&P #31

In part 2 of our look at your respiratory system Hank explains how your blood cells exchange oxygen and CO₂ to maintain homeostasis. We'll dive into partial pressure gradients, and how they, along with changes in blood temperature, acidity, and CO₂ concentrations, change how hemoglobin binds to gases in your blood.
