Just purchased this complete study guide (10th edition) and I'm tempted to return it for it has a lot of errors. Biochemistry + Sciences in general are my strong points and so far in the Biochem book I've found errors that concern me for they would literally make one fail the tested questions on the

real MCAT if tested.

MCAT Practice Questions - Examcrackers

What I needed were the Examcrackers study guides. These study books are much better materials because they present the information that is only on the MCAT, so you don't waste time reading about stuff you already know. In addition, the study package divides the material into lectures, with about 4 mini quizzes distributed throughout each lecture.
