The Fated Bears series begins with a story where two individuals have an unexpected chance to be in a relationship, but they will have to face numerous obstacles first. I like reading about bear shifters and humans, and Jasmine Wylder has created an original world for her characters, where any supernatural aspects are unique.

What a great story about Tawny and her unknown background and her interaction with Danta, a bear shifter. Tawny was sent away by her boss because of something brewing at work-he had to let her go at work and told her to lay low. She goes to her aunt's cabin and that is where her life changes. She meets this "man" who changes her life.

A fated mate is a blessing but the bears in the Lizard Lick Clan all seem to be a bit slow or stupid when it comes to their mates. If human women are fated mates then the laws need to be changed and updated, just because someone finds out about bear shifters does not mean they should be killed, they could be someone else's fated mate.
