A mechanical calculator, or calculating machine, is a mechanical device used to perform the basic operations of arithmetic automatically, or (historically) a simulation such as an analog computer or a slide rule. Most mechanical calculators were comparable in size to small desktop computers and have been rendered obsolete by the advent of the electronic calculator and the digital computer.

About The Toyota RAV4. Production of the RAV4 started in 1994 by Toyota as they created the first compact crossover SUV on the market. Now the compact crossover SUV market is full of choices such as the Peugeot 3008 and the Honda CR-V.. The theory was that car buyers wanted the benefits of an SUV (a market that was growing fast across the Western world) without the downside of large fuel and ...
