MINING CLAIMSA mining claim is a parcel of land for which the claimant has asserted a right of possession and the right to develop and extract a discovered, valuable, mineral deposit. This right does not include exclusive surface rights (see Public Law 84-167). There are three basic types of minerals on federally-administered lands: locatable, leasable, and salable.

Adams County Colorado. Strasburg. The Gravel and bench deposits along Clear Creek, just north of Denver contains placer gold. All bars, and benches along Clear Creek, which is a tributary of the South Platte River, had extensive placer operations which produced 16,800 ounces of gold between 1922 and 1959.
