The management of hazardous waste has changed dramatically since the 1960's and continues to evolve as our knowledge of both the hazards and management methods grows. Since the last edition was published (1994), much of the emphasis has shifted: from site assessments to site remediation, from new facility siting

Hazardous Waste Management:

**Second Edition by
Michael D ...**

Managing the waste our region generates is everyone's responsibility.

Preserving the environment through recovery and disposal is our mission. That's why years ago, Oneida and Herkimer Counties voted to create a comprehensive solid waste management system.
