Helios Gamma Spectrophotometer Manual

Helios is a virtual cockpit simulator system for aircraft in the DCS World. Release 1.6 is a major improvement over Helios 1.4 and the release has only made it to release by the Heroic efforts of derammo and his band of merry testers (you know who you are).

Helios Virtual Cockpit 1.6.3104.0

How to get Helios. The difficulty of buying and crafting Helios really depends on whether you are in a clan that already has the research done or if you still need to do the research yourself. Either way, you need to head to your dojo and check the Energy Lab for the blueprint, which can be bought for 15,000 credits.
