The more parents talk with their child about math at home, the more a child's mind is stimulated to think about math. Here are five ways to use math talk with your child. Math Talk with Infants and Toddlers Children develop math concepts and skills very early in life.

### **Math at Home Toolkit | NAEYC**

Since many newer math programs, like JUMP math and Singapore math , work hard to help children recognize math in the real world, finding everyday math activities at home is a great way for parents to reinforce this philosophy. Opportunities to explore math with your child pop up everywhere. Going to the grocery store, cooking dinner or even watching the news together are some of the ways these opportunities present themselves.
