Human Geography Jerome Fellmann

In phenomenology, the terms the Other and the Constitutive Other identify the "other" human being, in his and her differences from the Self, as being a cumulative, constituting factor in the self-image of a person: as acknowledgement of being real; hence, the Other is dissimilar to and the opposite of the Self, of Us, and of the Same. The Constitutive Other is the relation between the ...

Other (philosophy) - Wikipedia

Psychohistory is an amalgam of psychology, history, and related social sciences and the humanities. It examines the "why" of history, especially the difference between stated intention and actual behavior. Psychobiography, childhood, group dynamics, mechanisms of psychic defense, dreams, and creativity are primary areas of research.
