Compressor It Continues to run after 125#. (Approximately 45-50 seconds) after this point I hear this unusual inner hissing Noise.

Air Compressor Troubleshooting, Solutions, Common Problems ...

These hoses are designed to connect a compressor/receiver tank, an air dryer outlet, or any other compressed air equipment to your main air supply line. They are used to compensate for slight misalignment from the compressor or equipment, reduce any vibration stress, and protect against thermal growth.

Flexible Braided Steel Discharge Hoses (1/2" to 3" NPT)
