Indian Art History Changing Perspectives

Indian art consists of a variety of art forms, including painting, sculpture, pottery, and textile arts such as woven silk. Geographically, it spans the entire Indian subcontinent, including what is now India, Pakistan, Bangladesh, Sri Lanka, Nepal, and at times eastern Afghanistan. A strong sense of design is characteristic of Indian art and can be observed in its modern and traditional forms.

The inflexible conventions of classical art, combined with the social unrest that was arising as a result of large-scale industrialization set the scene in the mid-19th century for a rebellious group of young artists to express their discontent through an art movement they formed called the Pre-Raphaelite Brotherhood. It challenged the values of classical Victorian art by reviving the methods ...

It's impossible not to admire the way Native American art, and the culture itself, passionately weaves poignant and prominent symbols into everything it produces. Symbols permeate every aspect of the culture, so it's no surprise that American Indian artists create pieces rife with images of deep significance to their beliefs and perspectives.

"Art of war", Sun Tzu -- only partially applies to modern wars, still a great reading. Many to the point maxims to understand life, history and the world. "The Gallic Wars", Julius Caesar -- for the enjoyment of reading a 2k years old book by a major historical character. Probably more interesting if you are french, belgian or german.
