Leading twentieth-century figures in the study of international politics. He made landmark contributions to international relations theory and the study of international law, and his Politics Among Nations, first published in 1948, went through many editions and was for decades the most-used textbook in its field in U.S. universities.

Politics Among Nations by Hans J. Morgenthau

The balance of power theory in international relations suggests that states may secure their survival by preventing any one state from gaining enough military power to dominate all others. If one state becomes much stronger, the theory predicts it will take advantage of its weaker neighbors, thereby driving them to unite in a defensive coalition.Some realists maintain that a balance-of-power ...
