Nexx Chapter - widgets.uproxx.com

The system that I have is a Koss KS5190. I know thw brand kinda sucks but it has 1000w total output and i paid only like 150 for it, so i can't really complain to much. But what i was really wondering was if the problem is coming from the cable box, the surround sound system, or the rca plug i'm useing.
