This guideline covers interventions and support for children, young people and adults with a learning disability and behaviour that challenges. It highlights the importance of understanding the cause of behaviour that challenges, and performing thorough assessments so that steps can be taken to help people change their behaviour and improve their quality of life.

Overview | Challenging behaviour and learning disabilities ...

A proportion of people with a learning disability will present behaviour that may be considered challenging. In adults this is around 10-15%. What we think of as challenging behaviours can vary, but this often includes aggression, self-injury and destructiveness.

Learning disability, mental health and challenging behaviour

Challenging behaviour is not a learning disability, but people with a disability are more likely to show challenging behaviour. This can be due to people having difficulty communicating and expressing frustrations. Challenging behaviour can also be a sign that something is wrong, like pain or discomfort, that your child cannot express in another way.

Challenging behaviour - Advice and Support | Mencap

It may be difficult to determine if a child's learning disability is directly contributing to or triggering these types of behaviors. Family-related stressors can also have a significant effect on behavior at school.

How Learning Disabilities Can Affect Behavior

Some people with a learning disability display behaviour that challenges. 'Behaviour that challenges' is not a diagnosis and is used in this guideline to indicate that although such behaviour is

Challenging behaviour and learning disabilities ...

- Some people with severe learning disabilities will not be able to tolerate wearing a mask and obliging them to do so may result in challenging behaviour, which can put them or others at risk. Again, a risk assessment should be completed. It may be introducing more outdoor activities that enable social distancing, and that do not 6

INFORMATION SHEET - Challenging behaviour
