Lesson Plans, Curricula, and Other Classroom Materials

- Prepare a lesson plan, using the following headings and questions as a guide, for each of your required lessons, in advance of teaching the lesson.
- Do not edit/revise the lesson after implementing it, but do add reflections on what went well (and what didn't), along with suggestions for what to do differently the next time.

E) EVALUATION & REFLECTION

The quality of your lesson plans will in great part determine how efficiently class time is used and how much content your students learn each period. Lesson plans don't have to be lengthy. The main thing is to make sure they contain the main elements of the lesson. They're meant to guide your instruction so you can maximize classroom time.
