From Languishing to Flourishing in Life\* COREY L. M. KEYES Emory University Journal of Health and Social Research 2002, Vol 43 (June): 207-222 This paper introduces and applies an operationalization of mental health as a syndrome of symptoms of positive feelings and positive functioning in life.

### From Languishing to Flourishing in Life\*

Hearing loss refers to reduced hearing, which can be caused by a variety of factors. It can either be congenital or acquired later on in life. It can range from mild hearing loss to profound hearing loss. Hearing loss can affect personal and work life. Hearing loss can affect a person in three main ways:

### Hearing loss - how it affects people - Better Health Channel

The hierarchical structure of the corporate ladder governs how information flows and whose ideas matter, defining career success as a linear climb to the top. The ladder's one-size-fits-all approach assumes employees are more alike than different, and want and need similar things to deliver results. But the workplace isn't what it used to be.
