In 1975 he moved to MIT, where he was appointed as associate professor in the Department of Economics. In 1984 he became professor of economics. He stayed in MIT until his death in 2002. Throughout his career his main focus was on international economics, especially monetary policy, macroeconomic development, growth and international trade. According to some of his students and associates his talent was to extract the heart of a problem and make it understandable in simple terms.
