Maggie Tallerman Understanding Syntax Scientific

"Understanding Syntax is an essential resource for any student of syntax. Written in a lively, accessible style, Tallerman uses a great range of examples from across the world's languages to introduce the most important concepts in the study of grammar in a clear and comprehensive way.

Understanding Syntax - 5th Edition - Maggie Tallerman ...

"The fourth edition of Understanding Syntax is a thorough and accessible introduction to the major syntactic concepts and constructions in the world's languages. It is one of the most versatile textbooks I have ever encountered: it provides a solid basis in syntactic typology and theory in a friendly and informal style that works very well for students with no background in linguistics, while also being an eye-opener for students who have studied some syntax but are aware only of patterns ...

Amazon.com: Understanding Syntax (Understanding Language ...

Tallerman is a go-to by a lot of Syntax lecturers. It does have good explanations and the presence of a lot of examples from a wide range of languages, but it lacks an editor to cull the amount of words - a lot of superfluous "that" and the content should be better organised.
