Aesthetics of the Everyday (Stanford Encyclopedia of ...

Jean Lave and Etienne Wenger argue that learning is necessarily situated, a process of participation in communities of practice, and that newcomers join such communities via a process of ‘legitimate peripheral participation’—or learning by immersion in the new community and absorbing its modes of action and meaning as a part of the process of becoming a community member.

Lave and Wenger on Situated Learning - New Learning Online

The third perspective on digital literacies, formulated by Lankshear and Knobel (2008), approaches literacies as social practices. The term practice, in this case, refers to patterns in using literacies in particular situations and activities, including embodied meaning-making (Barton 2007, pp. 36-7).

Digital Literacy - an overview | ScienceDirect Topics

It also exerts itself through sexual drives, motivating people to create and nurture new life. Positive emotions such as love, affection, prosocial actions, and social cooperation are also associated with the life drives. These behaviors support both individual well-being and the harmonious existence of a cooperative and healthy society.

Life and Death Drive: Freud’s Thanatos and Eros Theory

Teaching, like culture, is complex. However, by approaching our practices with this cultural complexity in mind, we may be able to see and understand our students’ languages, literacies, and cultural practices in deeper and more meaningful ways.
