No extant manuscript of the New Testament, not even a mere fragment, contains the Tetragrammaton in any form. In their citations of Old Testament verses, they always have kꞑ or Ⲁꞑ where the Hebrew text has YHWH. There is a gap between the original writing down (the autograph) of each of the various documents that were later incorporated into the New Testament and even the oldest surviving ...

Biblical criticism is the use of critical analysis to understand and explain the Bible. During the eighteenth century, when it began as historical-biblical criticism, it was based on two distinguishing characteristics: (1) the scientific concern to avoid dogma and bias by applying a neutral, non-sectarian, reason-based judgment to the study of the Bible, and (2) the belief that the ...

In his rhetorical tracts he waxes eloquent about the horrors of war and the destruction inflicted on the population. He calls war fundamentally unchristian and fit for beasts rather than humans. In his annotations on the New Testament (Luke 22: 36) he wrote in a more sober tone about war and the circumstances under which it was legitimate.

Jesus said that the Old Testament all points to Him (Luke 24:27; Luke 24:44; John 5:39; John 5:46). The Gospels are obviously about Jesus, and the rest of the New Testament points back to Him. Thus, the entire Bible points to Jesus and should be understood through the coming, arrival, redemption, and restoration of Christ.

We at BioLogos are often asked how we understand the long life spans attributed to the patriarchs in Genesis. There is no direct connection between these and the scientific theory of evolution, but I suppose some people think there is a problem for us since the ages given in the genealogies (in chapters 5 and 11) have been used to date the origin of humanity to the relatively recent past (six ...
