**User manual/guide URL ? | OpenProject Community**  
INTRODUCTION TO THE MANUAL This manual is intended to show the main features of OpenProj, to be a support in the implementation of a project, in addition to serving as a basis for knowledge of OpenProj. Since OpenProj features are a bit lengthy, we present the general aspects for creating a project in this manual is expected to improve through user feedback.

**Where can I find a Tutorial or a Users Manual**  
There is a user guide for ProjectLibre available at the following link:-. <http://www.projectlibreuserguide.com>. It's been written by the same guys who wrote the user guide for OpenProj which, in my honest opinion, was excellent. Clearly laid out, very succinct and plenty of screenshots which you need for a user guide to software.

**User Guide | Projectlibre**  
The brand awareness of OpenProj still seems to be extremely strong and people continue to download the dead horse, instead of being aware of the new and fully alife alternative called ProjectLibre. So my tip is: Mark OpenProj clearly as "DEAD" on Sourceforge and urge all site visitors to swtich to ProjectLibre instead, including a link, etc. 2.

**OpenProj | Projectlibre**  
OpenProject is free and open source software for project management and team collaboration. The Community version of OpenProject can be downloaded and installed for free. It is 100% open source software to manage projects along the entire project-lifecycle. The web-based software can be downloaded and operated on major Linux distributions.
