Information technology (IT) is the use of computers to store, retrieve, transmit, and manipulate data. IT risk (or cyber risk) arises from the potential that a threat may exploit a vulnerability to breach security and cause harm. IT risk management applies risk management methods to IT to manage IT risks. Computer security is the protection of IT systems by managing IT risks.

### Opportunities - Water Research Commission

The South African Army is the ground warfare branch of South African National Defence Force. Its roots can be traced to its formation after the Union of South Africa was created in 1910. The South African military evolved within the tradition of frontier warfare fought by Boer Commando forces, reinforced by the Afrikaners' historical distrust of large standing armies.
