Welcome | Oracle Communities

If you want to learn how to use the Java that's available today, head over to dev.java. Hack on the JDK itself, right here in the OpenJDK Community: Browse the code on the web, clone a repository to make a local copy, and contribute a patch to fix a bug, enhance an existing component, or define a new feature.

OpenJDK

Welcome to the OpenJDK Developers' Guide! The OpenJDK Community is the place to collaborate on open-source implementations of the Java Platform, Standard Edition, and related projects. It was created in November 2006, when initial portions of the JDK source code were published under the GPLv2 license.
