### Organ Manual Range

Portative organs may have a range of only an octave or two, while a few large organs, such as the Boardwalk Hall Auditorium Organ, may have some manual keyboards approaching the size of a modern piano. German organs of the seventeenth and eighteenth centuries featured manual ranges from C to f'' and pedal ranges from C to d', though some organs only had manual ranges that extended down to F.

### Organ console - Wikipedia

Organs may have one or more manual keyboards and a pedal keyboard. The number of keys on the manual keyboards varies somewhat, but the lowest note is always low C. Most American organs have 61 notes on the manuals to C above high C. Pedal keyboards are also different lengths, but low C is also the lowest written note.
