The history of medicine shows how societies have changed in their approach to illness and disease from ancient times to the present. Early medical traditions include those of Babylon, China, Egypt and India. Sushruta, from India, introduced the concepts of medical diagnosis and prognosis. The Hippocratic Oath was written in ancient Greece in the 5th century BCE, and is a direct inspiration for ...

Imagery, which can be used by anyone, is appealing to performers because it is executed individually and can be performed at anytime and anywhere. The breadth of the application of imagery is far reaching. Briefly, imagery is creating or recreating experiences in one's mind. From the early theories of imagery (e.g., psychoneuromuscular) to the more
