Solaxx Water Treatment Solutions

Saltron pH-Tek proportional feed system automatically adjusts the pH level in the pool resulting in better water quality and reduce operating and repair costs. Maintaining a proper pH level allows the chlorine to effectively kill bacteria and prevents the water from attacking the pool finish or the equipment. pH-TEK is a must have for pools using salt systems where the pH tends to rise.

Solaxx CON01A pHTek pH Test and Proportional Feed System

Proportional Feed System. INTRODUCTION. The pH-TEK is a chemical controller responsible for monitoring and correcting the pH levels in the swimming pool. The pH level in the pool is one of the most important factors in pool chemistry balance. Most red eyes and itchy skin are caused by poor pH maintenance.

Solaxx CON01A pHTek pH Test and Proportional Feed System ...

I have had this Solaxx CON01A pHTek pH Test and Proportional Feed System for about three months now and it is great and operates very well. So nice to not add acid to the pool any more. My pool is always 7.3, no more no less. Looks like I will only need to fill the tank about every nine to twelve months ---- what a time saver.
