The female counterpart to a bull is a cow, while a male of the species that has been castrated is a steer, ox, or bullock, although in North America, this last term refers to a young bull. [citation needed] Use of these terms varies considerably with area and dialect. Colloquially, people unfamiliar with cattle may refer to both castrated and intact animals as "bulls".

One VERY bad issue I've come to detest with this device is the magnetic system used for attaching the keyboard to the iPad. The magnets will catch bits of dirt or metal flakes somehow and leave marks on the iPad's aluminium housing. And, those bits of debris get stuck into the softer plastic on the keyboard and are impossible to remove.
