Edward Joseph Snowden (born June 21, 1983) is an American whistleblower who copied and leaked highly classified information from the National Security Agency (NSA) in 2013 when he was a Central Intelligence Agency (CIA) employee and subcontractor. His disclosures revealed numerous global surveillance programs, many run by the NSA and the Five Eyes Intelligence Alliance with the cooperation of ...

### **Edward Snowden - Wikipedia**

'The trouble with the world was,' she continued hesitatingly, 'that people were still superstitious instead of scientific. He said if everybody would study science more, there wouldn't be all the trouble there was.' 'He said science was going to discover the basic secret of life some day,' the bartender put in. He scratched his head and frowned.
