Chainsaw Parts & Accessories. Long gone are the days of using axes to cut down trees and massive chunks of timber. A chainsaw is a technological marvel that allows one to cut down huge chunks of timber with ease and in less time. However, just like any device it is made of different parts and has its own accessories.

How are string trimmer parts and accessories used? The many parts of a weed trimmer each serve a specific function to maintain your yard and lawn. For example, the spools help feed line into the string trimmer and provide it with the string cutting material and parts it needs. The eater is designed to mulch up the problematic areas of your yard.
