Reasons for divorce . Using items from a previous survey on reasons for divorce (C. A. Johnson et al., 2001) participants were asked to indicate whether or not each item on a list of common problems in relationships was a "major contributor to their divorce" ("yes" or "no"). These items included lack of commitment, infidelity/extra-marital affairs, too much arguing or conflict ...

Without a complete published description of interventions, clinicians and patients cannot reliably implement interventions that are shown to be useful, and other researchers cannot replicate or build on research findings. The quality of description of interventions in publications, however, is remarkably poor. To improve the completeness of reporting, and ultimately the replicability, of ...
