Talking About Machines An Ethnography

Famous for his appearance on Micro Machines commercials, he could say 583 words a minute and form syllables five times faster than average speakers. [23] Talking requires the use of dozens of muscles in the lips, throat, and tongue, but speaking in a normal tone is no more tiring than sitting in silence. [8]

Transgender people have a gender identity or gender expression that differs from the sex that they were assigned at birth. Some transgender people who desire medical assistance to transition from one sex to another identify as transsexual. Transgender, often shortened as trans, is also an umbrella term; in addition to including people whose gender identity is the opposite of their assigned sex ...
