Teaching Montessori In The Home

"A place for everything and everything in its place" is one of the critical principles of Montessori at home. When you designate a place for everything, your child will quickly learn where everything goes. This is an essential tool in teaching them to be responsible for their belongings and clean up messes they may make.

Montessori at Home | How to Create a Montessori-Friendly Home

The Montessori Method was created by Maria Montessori, Italy's first female physician. Through her direction, meticulous observations, and work with children in low-income apartment complexes in the early 1900s, she refined the use of experimental materials and created a revolutionary way to teach children that is still used worldwide in many private and public schools. Simply put, a Montessori environment allows children to learn about the world around them through the use of their senses.
