The Color of Love is an important addition to studies on race, blackness and inequality in Brazil, as well as to studies on black families. Research on black families has focused on the United States, and Hordge-Freeman offers a transnational perspective that brings Afro-Brazilians into the picture.

### Book Review: The Color of Love: Racial Features, Stigma ...

In The Color of Love (2015), I offer examples of how evaluations of racial features (such as wide noses and afro-textured hair) can impact how a mother expresses her love for her children, how sibling relationships can go awry because of differential treatment based on racial appearance, and how romantic partnerships can be conditioned on racial appearance.

Cara is passionate about causes of racial justice and reconciliation, as am I—though she’s farther along the path than I am. For her, the journey out of “colorblindness” and into “seeing color” began when, as a young white woman raised in a sheltered world that largely didn’t see racism, she met, fell in love with, and married a man who is not only black but the son of a Civil ...
