In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.

The Economics Anti Textbook A

The Anti-Textbook argues that this is a myth - one which is not only dangerously misleading but also bland and boring. zchallenges the mainstream textbooks' assumptions, arguments, models and evidence. It puts the controversy and excitement back into economics to reveal a fascinating and a vibrant field of study - one which is more an 'art of persuasion' than it is a science.

The Economics Anti-Textbook: A Critical Thinker's Guide to ...

While working on the new edition of the Anti-Textbook, I am reviewing the contents of 10 textbooks: nine long-established American ones and a Canadian one, Microeconomics by Chris Ragan, the successor to the classic textbook by Richard Lipsey, which I read as a first year student.

The Economics Anti-Textbook

The Economics Anti-Textbook is the students' guide to decoding the textbooks and shows how real economics is much more interesting than most economists are willing to let on.

Amazon.com: The Economics Anti-Textbook: A Critical ...

The Economics Anti-Textbook is both an introduction to, and critique of the typical approaches to economics teaching, written by Roderick Hill and Tony Myatt in 2010. The main thrust of the authors' argument is that basic economics courses, being centered on models of perfect competition, are biased towards the support of free market or laissez-faire ideologies, and neglect to mention conflicting evidence or give sufficient coverage of alternative descriptive models.

The Economics Anti-Textbook - Wikipedia

It shows the claims made without any evidence and the alternative theories that aren't mentioned. It shows the importance of power, social context, and legal framework. The Economics Anti-Textbook is the students' guide to decoding the textbooks and shows how real economics is much more interesting than they let on.

The Economics Anti-Textbook is the students' guide to decoding the textbooks and shows how real economics is much more interesting than they let on.

The Economics Anti-Textbook: A Critical Thinker's Guide to ...

economics and economic textbooks. These value judgements reflect a social and political philosophy and can be called an ideology or world-view. It is one that textbook writers are implicitly attempting to persuade the reader to accept. The Anti-Textbook makes this ideology, and the value-judgements behind it, explicit.

The Economics Anti-Textbook: A Critical Thinker's Guide to ...

The Economics Anti-Textbook brilliantly takes apart the mainstream textbooks and their flawed arguments. It clearly and concisely debunks the mainstream myths contained in microeconomics textbooks. It is one of the best economics book I have ever read and essential for any economics student.

The Economics Anti-Textbook - Whistling In The Wind

I'm Rod Hill, a professor of economics at the University of New Brunswick and the co-author, with Tony Myatt, of "The Economics Anti-Textbook: A Critical Thinker's Guide to Microeconomics" (Zed Books, London & New York; Fernwood Books, Halifax & Winnipeg, 2010). The 2011 Indian edition was published by Books for Change (Bangalore).

The Economics Anti-Textbook: The Macroeconomics Anti ...

The books general approach is well-summarised by the title 'The Economics Anti-Textbook': it is not a book which is 'anti-economics' as such, but simply one which places far greater emphasis on alternative approaches to the subject than is usual and those which are not yet taught fully in the main undergraduate texts.
