While searching for one, I came across both this book, the Hal Leonard Pocket Music Theory, and its counterpart, the Hal Leonard Pocket Music Dictionary. The Pocket Music Theory, book is small (hence "pocket") so it is not as in-depth as some other music theory books may be, but it is a very thorough resource, particularly for its size. Pocket Music Theory contains many of the more basic and fundamental aspects of music theory while delving into some more specific subjects such as jazz ...
