The Making Of African America

In The Making of African America, Berlin challenges the traditional presentation of a linear, progressive history from slavery to freedom. Instead, he puts forth the idea that four great migrations, between the seventeenth and twenty-first centuries, lie at the heart of black American culture and its development.

The Making of African America: The Four Great Migrations ...

African American History In Counterpoint Students of African American history have often seen it as linear in character, beginning in slavery and moving broadly forward to emancipation and freedom. In his new book, "The Making of African America: the Four Great Migrations", Ira Berlin modifies and deepens the linear view.
