The Public And Its Problems

The Public and its Problems is a 1927 book by American philosopher John Dewey. In his first major work on political philosophy, Dewey explores the viability and creation of a genuinely democratic society in the face of the major technological and social changes of the 20th century, and seeks to better define what both the 'public' and the 'state' constitutes, how they are created, and their ...

The Public and its Problems - Wikipedia

The Public and Its Problems is a brilliantly original analysis of an emerging pattern of social organization in which publics and the institutions they may foster are increasingly ineffective in providing a context where democracy is more than an empty slogan and where most of us feel adrift and ineffective.

The problem with the ISBN number is that it isn't a very good number to use to catalog the books. Sorting by ISBN number would create a list which didn't have anything to do with the author or the subject of the book. This would create an effectively random order of books and make it very difficult to find what you are looking for.
