The Yoga of Breath: A Step-by-Step Guide to Pranayama ...

Breath is a severely under-utilized yogic tool in mainstream yoga in the US. Other than generic instructions to keep breathing or breathe-in, breathe-out, there is very little about the breath in a typical yoga class. Some advanced yogis have learned certain pranayamas (controlled breathing), but rarely are these a part of daily practice.

The Yoga of Breath: Sudarshan Kriya®

The Yoga of Breath Control. The word Pranayama is deep and powerful. Prana means breath, wind, life, vitality, energy or strength. It also implies soul as opposed to body. Ayama means length, expansion, stretching, or restraint. The two used together in Pranayama mean extension and control of the breath.

Pranayama and the Yoga of Breath Control

The Anatomy of the Breath. In yoga, breathing is the most central and vital practice, as it is in our daily lives, even if our awareness does not acknowledge this fact. Pranayama, the control of one's energy through the breath, is a distinct arm of Patanjali's Eightfold Path and an integral part of our modern hatha yoga practice.

2. Ujjayi Pranayama (Victorious Breath or Ocean Breath) This classic pranayama practice, known for its soft, soothing sound similar to breaking ocean waves, can further enhance the relaxation response of slow breathing, says Patricia Gerbarg, MD, assistant clinical professor of psychiatry at New York Medical College and co-author of The Healing Power of the Breath.

How to Breathe in Yoga Poses: 5 Transformative Pranayama ...

Ujjayi breath is the type of breath used in a Vinyasa/Ashtanga style of practice. It is the main style of breathing used when you flow and practise the more strenuous poses. When you start to cool down and move more into the relaxing poses, it's time to let go of this way of breathing and to allow the breath to be more natural.

Prāṇāyāma is the practice of breath control in yoga. In modern yoga as exercise, it consists of synchronising the breath with movements between asanas, but is also a distinct breathing exercise on its own, usually practised after asanas. In texts like the Bhagavad Gita and the Yoga Sutras of Patanjali, and later in Hatha yoga texts, it meant the complete suspension of breathing.

Pranayama - Wikipedia
