Histology images should have all staining methods described, and either the magnification or the measure of the scale bar in the image should also be included. Descriptive text, rather than graphics inserted into the text, should be used when possible (eg, closed circles, open boxes, etc); alternatively, a legend key should be included in the ...

Abstract. This paper is the first in a series of two publications relating to the European Crohn's and Colitis Organisation [ECCO] evidence-based consensus on the diagnosis and management of Crohn's disease and concerns the methodology of the consensus process, and the classification, diagnosis and medical management of active and quiescent Crohn's disease.

3rd European Evidence-based Consensus on the Diagnosis and ...

A Turing machine is a mathematical model of computation that defines an abstract machine that manipulates symbols on a strip of tape according to a table of rules. Despite the model's simplicity, given any computer algorithm, a Turing machine capable of implementing that algorithm's logic can be constructed.. The machine operates on an infinite memory tape divided into discrete "cells".
