V8 engine 3d model for a wide variety of automotive projects. Being a car guy, it was only natural that one of the first 3d models that I ever built was a V8 engine. As you might imagine, it was a somewhat daunting task for a newbie 3d modeler such as myself, and many expletives were flung. Anyway, I pushed through it, and this engine 3d model that you see here is the result.

V8 engine 3d model for a wide variety of automotive ...

model of a fictional engine. modeled by guess and by gosh (i hope i used that phrase in the right way :D) there are a lot of single components. hope that everything works.
