Women And Politics The Pursuit

Aristotle: Politics. In his Nicomachean Ethics, Aristotle (384-322 B.C.E.) describes the happy life intended for man by nature as one lived in accordance with virtue, and, in his Politics, he describes the role that politics and the political community must play in bringing about the virtuous life in the citizenry. The Politics also provides analysis of the kinds of political community that ...

Women face numerous obstacles in achieving representation in governance. The biggest challenges a woman in government can face occur during the pursuit of her position in government office, as opposed to when she is upholding said position. Studies show that one of the big challenges is financing a campaign.

Part I Every state is a community of some kind, and every community is established with a view to some good; for mankind always act in order to obtain that which they think good. But, if all communities aim at some good, the state or political community, which is the highest of all, and which embraces all the rest, aims at good in a greater degree than any other, and at the highest good.
